mageworx

Table of Contents

Uploading the extension

Upload via Composer

1. Log into the Magento server (or switch to) as a user who has permissions to write to the Magento file system.

2. Create a folder anywhere on your server (preferably not in the Magento install dir). When done, upload all extension zip package in there.

3. To use the folder created above as a packaging repository, add the following piece of code to the composer.json file:

```
{
"repositories": [
    {
        "type": "artifact",
        "url": "path/to/directory/with/extension/zips/"
    }
]
}
```

4. Install the extension with Composer:

composer require mageworx/module-downloads

Upload by copying code

1. Log into the Magento server (or switch to) as a user, who has permissions to write to the Magento file system.

2. Download the "Ready to paste" package from your customer's area, unzip it and upload the 'app' folder to your Magento install dir.

Enabling the extension

1. Log in to the Magento server as, or switch to, a user who has permissions to write to the Magento file system.

2. Go to your Magento install dir:

cd <your Magento install dir>

3. Enable the module:

php bin/magento module:enable MageWorx_Downloads

4. Update the database:

php bin/magento setup:upgrade
php bin/magento cache:flush
php bin/magento setup:static-content:deploy

That is it.

Now you can start using the extension.

GENERAL ⌄

Main Settings

Display File Size	Yes ▾	[STORE VIEW]
File Size Precision	Auto ▾	[STORE VIEW]
Group By Section	No ▾	[STORE VIEW]
Sort Order	Alphabetical ▾	[STORE VIEW]
Hide files	No ▾	[STORE VIEW]

File Size Precision – displays the file size in one of 3 space values: Kilobytes, Megabytes or Auto. We generally recommend users to set it to Auto.

Sort Order – arranges files in one of the following sequences: Alphabetical, Upload Date, Size, Downloads.

Product Download Tab/ Block Titles – these settings lets you define the name of the block with downloadable info on the front-end.

The extension allows you to specify a text message to display for not logged in or unregistered customers, when they try to download the file. Also, you can hide files from the not logged in or unregistered customers.

How to download' message

You have to %login% or %register% to download this file.

[STORE VIEW]

You can use %login% and %title% vars to insert links.
Example:
You have to %login% or %register% to download this file.

[STORE VIEW]

Display the # of Downloads   No ▾   [STORE VIEW]

Product Downloads Tab Title   [   ]   [STORE VIEW]

Used for product pages. If empty, the 'Downloads' title will be used

Product Downloads Block Title   File Downloads   [STORE VIEW]

Used for product pages

Maximus Allowed File Size   [   ]   [STORE VIEW]

If empty or greater than server limitation, server limitation will be applied.
php.ini memory size format can be used (for example, "100k", "1m", etc).

[STORE VIEW]

File Downloads Title   MageWorx License   [STORE VIEW]

Used for static blocks and cms pages

MageWorx Downloads

To create a new category/section for your product attachments, add its description, enable or disable it, go to:

9. License Agreement

MageWorx reserves the right to make corrections, modifications, enhancements, improvements, and other changes to all its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing an order and should verify that this information is complete and up-to-date. All products are sold subject to MageWorx terms and conditions of sale supplied at the time of order acknowledgment.

MageWorx warrants performance of its products to the specifications applicable at the time of sale in accordance with the company's standard warranty. Testing and other quality control techniques are used to the extent MageWorx deems necessary to support this warranty.

MageWorx assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using MageWorx components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

MageWorx does not warrant or represent that any license, either express or implied, is granted under any MageWorx patent right, copyright, mask work right, or other MageWorx intellectual property rights relating to any combination, machine, or process in which MageWorx products or services are used.

Information published by MageWorx regarding third-party products or services does not constitute a license from MageWorx to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from MageWorx under the patents or other intellectual property of MageWorx.

Resale of MageWorx products or services with statements different from or beyond the parameters stated by MageWorx for that product or service voids all express and any implied warranties for the associated MageWorx product or service and is an unfair and deceptive business practice. MageWorx is not responsible or liable for any such statements.

All company and brand products and service names are trademarks or registered trademarks of their respective holders.
